In response to the Office Action dated July 31, 2002, Applicants respectfully request that the above-identified application be amended as follows:

IN THE TITLE

Please amend the title to read as follows:

--A METHOD OF MANUFACTURING AN INK JET HEAD--

IN THE SPECIFICATION

Please insert the following new paragraph on page 1 immediately following the title:

B1 --This application is a division of Application No. 08/281,006, filed on July 27, 1994, now U.S. Patent 5,992,981.--

IN THE ABSTRACT OF THE DISCLOSURE

Please replace the Abstract of the Disclosure with the following replacement Abstract. A marked-up copy of the Abstract, showing the changes made thereto, is attached.

B2 --A method of manufacturing an ink jet head having a substrate that has a plurality of energy generating elements used for generating energy that in turn is used to discharge ink. The substrate has recessed portions separating the energy generating elements, and a wall member is provided having depending flow passage walls which are
